

ACiON HiLOAD

Up to 5,500 lb lift capacity
*Compatible with ALL Motive
Battery Types*

NA
Narrow Aisle Inc.

Exceptional lateral stability

5500 lb, twin deck articulation, combined with heavy duty 12.5" diameter slewing ring bearings, provide exceptional lateral stability.

Engineered for high lift capability

49" or 53" 5500 pound chassis, plus special rear tires, delivers extra load rating and stability.

Lift heights to 36 feet.

Designed to bring Flexi articulated space saving and handling efficiency to users of all popular pallet types.

High definition LCD CCTV system available

Allows operator to stack safely to over 32 feet with minimum fatigue. Available with programmable lift height selector.

For logistics warehouses needing fast throughput capability and very narrow aisle storage density, Flexi HiLOAD AC provides the perfect solution.

5500 LB ARTICULATION UNIT

Developed to allow precision stacking to over 36 feet, combining 220° articulation with 5500 lb reliability.

5500 LB CHASSIS

Chassis in 49" and 53" wide options allow higher lifts with heavier loads. AC power for fast travel speed.

CUSHION TIRES

Cushion rubber tires all round allow operation on standard warehouse floors. Treaded and non-marking options available

EASY BATTERY CHANGE

Low rear lift off or roll off for fast changeovers. Good access for battery topping. No motors underneath.

MULTIPLE MODELS & SIZES

- Flexi stores **30% to 40%** more than a conventional forklift in the same amount of space.
- Flexi stores **15% to 20%** more than a Reach Truck in the same amount of space
- Flexi Stores **85%-90%** of what Turret & Swing Reach Trucks store in the Same Amount of Space **at Half the Cost!**

OPERATOR VISION SYSTEM

High definition LCD CCTV allows operator to stack safely up to 32 feet with minimum fatigue. Programmable lift height selection for fast stacking.

Store More in **LESS SPACE**
at a **LOWER COST!**
